

ValueSTek OPS PC

Suitable for ValueHub and a wide range of devices

VT-OPS

Its powerful graphics chipset supports up to 4K ultra-high-definition video output at 60Hz and further functional flexibility with USB interfaces. It is Microsoft Windows 10/11 ready and comes pre-installed with ValueSTek's most important applications. No more trailing cables, no more bulky add-on peripherals, no more unsightly and frustrating power supply issues. With Mini OPS PC on board, ValueSTek's displays let you get on with creating the best possible visual impact without being encumbered by unnecessary technical and administrative burdens.

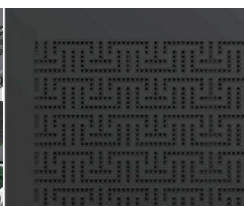

On-board SMA
Antenna Head

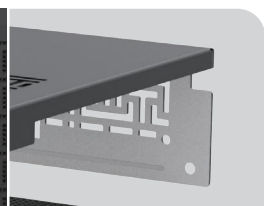

Flexible Fixing

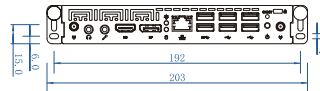

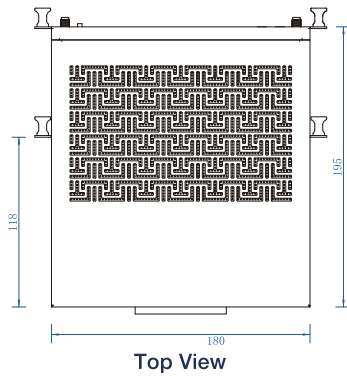

Embedded
Dust Screen

Dust Screen

Internal Spray Protection

Optional Thickness: 42mm 30mm

Technical Specification

Chipset	Intel H510 Express
CPU	Intel 10-11th Generation Core Series (10100/10400/10700/11400/11700 ...)
RAM	1x SODIMM DDR4 (Maximum Support 32GB 3200MHz)
ROM	M.2 2280 SSD interface (default SATA protocol) motherboard reserved to support PCIe protocol
Wireless Network	M.2 2.4G&5G Dual-band WIFI + Bluetooth
USB	Front end USB3.0 x3+USB2.0 x3、OPS end USB2.0 x2 USB3.0 x1
Display Interface	Front end output: DP1.2 3840 x 2160 4K60Hz
	HDMI1.4 3840 x 2160 4K30Hz
	JAE end: HDMI2.0 3840 x 2160 4K60Hz
Network Interface	1x10/100/1000Mbps self-adaptive(RJ45)
Audio	Onboard HD sound card, audio out (green), MIC in (pink)
Operating environment	Operating temperature -20 C ~70 C
	Relative humidity 10%~90% non-condensable
Size	195*180*30/42MM (Thickness available)
