

ValueWall COB All-in-One LED Display

Effortless . Exceptional . Luxury .

ValueStek

Redefining Visual Excellence

For businesses that pursue excellence, only the finest presentation will do.

Powered by cutting-edge COB LED technology, ValueWall creates unforgettable visual experiences that capture attention and elevate every moment.

More than just a display, it is the ultimate platform for breaking boundaries, delivering brand stories, and showcasing your vision with impact.

Stay focused on what matters most while ValueWall transforms every appearance into an immersive and extraordinary experience.

Outstanding Visual Performance

It is more than a display — a visual masterpiece. With ultra-high contrast and wide color gamut coverage, ValueWall delivers stunning image quality that turns every scene into a captivating visual experience.

Versatile Applications

One display, endless possibilities. From retail showcases to control centers, from corporate meetings to immersive entertainment, ValueWall delivers premium visual experiences tailored for diverse industries and scenarios.

Simple to Use, Easy to Maintain

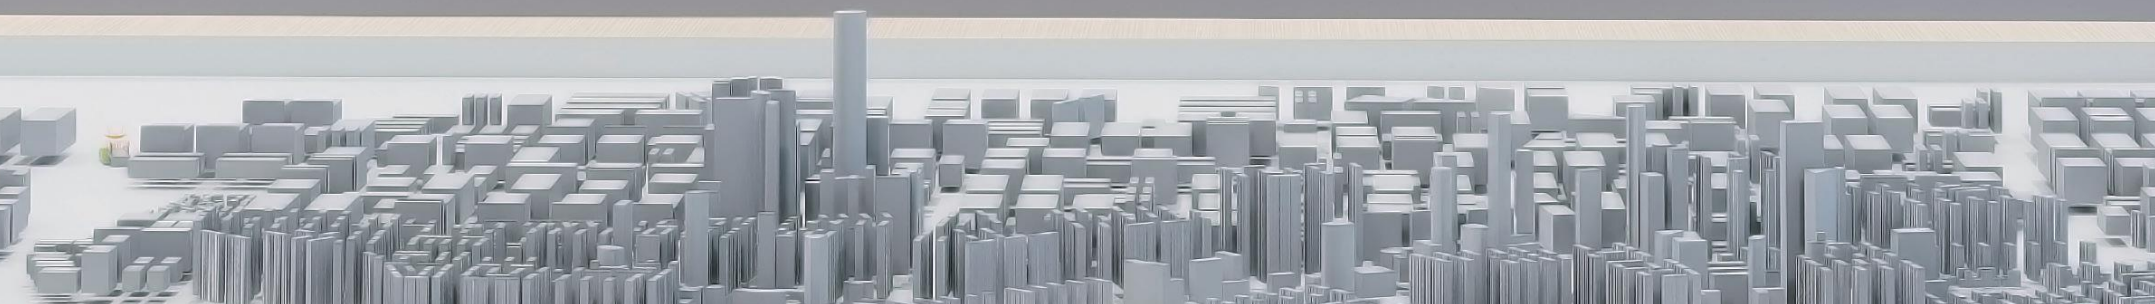

With a built-in Android system and wireless screen sharing, ValueWall eliminates complicated setups and makes premium large-screen experiences instantly accessible. Its magnetic front maintenance design simplifies servicing, ensuring greater convenience and efficiency throughout the product lifecycle.

Lobby

Make Every First Impression Extraordinary

The lobby is more than an entrance — it is the first touchpoint where brands connect with visitors and create lasting impressions. With a seamless large-format canvas and stunning color performance, ValueWall transforms ordinary lobbies into captivating visual destinations. Whether under bright daylight or controlled lighting environments, it delivers vivid, detailed images with exceptional clarity. From welcoming guests to showcasing corporate vision and brand stories, ValueWall turns every moment of attention into meaningful engagement and lasting business value.

02 

Exhibition & Showroom

Create a Showstopping Visual Destination

Elevate exhibitions and showrooms with breathtaking scale and professional-grade color accuracy. ValueWall creates a powerful visual centerpiece that blends cutting-edge technology with modern design aesthetics. More than a display solution, it enhances the sophistication of any space, highlights brand innovation, and showcases your leadership in a competitive marketplace.

ValueStek

Education & Training

Empowering Learning Through Immersive Visualization

Move beyond the limitations of traditional projection. With ultra-high definition clarity, wide viewing angles, and outstanding ambient light resistance, ValueWall ensures every learner can clearly see presentation content, data charts, and multimedia materials from any position in the room.

By maximizing visibility and engagement, ValueWall enables more effective knowledge delivery and creates a smarter, more immersive learning environment.

Indoor Advertising

Turning Spaces into Brand Experiences

More than a digital display, ValueWall becomes an extension of interior design and brand storytelling.

Its minimalist form, combined with dynamic and captivating visuals, creates an immersive shopping environment filled with technology and sophistication.

Through powerful visual communication, ValueWall elevates brand perception, strengthens customer engagement, and inspires purchasing decisions.

Home Cinema & Entertainment

Bring the Cinema Experience Home

Leave the outside world behind and immerse yourself in a world where light, sound, and emotion come together. ValueWall brings the cinematic experience home with an expansive screen that recreates the atmosphere of a private theater. With exceptional color accuracy, breathtaking details, and lifelike visuals, it faithfully captures every creative intention.

Whether enjoying family movie nights, sharing special moments with loved ones, or creating unforgettable entertainment experiences, ValueWall transforms your living space into a private cinema where memories are made.

Features

From advanced image processing technologies to sophisticated design innovations, ValueWall integrates industry-leading technologies to deliver a truly exceptional visual experience.

Superior Image Quality

Powered by ValueSTek's innovative image enhancement technologies, ValueWall delivers exceptional grayscale performance, stunning color accuracy, and remarkable image depth. Every detail is reproduced with incredible precision, creating lifelike visuals with pure and natural colors. Beyond enhancing the impact of advertising and media content, ValueWall elevates the overall visual quality of any space — strengthening brand presence, enhancing customer engagement, and creating immersive experiences that inspire.

ValueSTek

Minimalist Design

Inspired by modern architectural aesthetics, ValueWall features an ultra-slim profile and an ultra-narrow bezel design that creates an almost seamless viewing experience. Whether seamlessly integrated into a wall or installed as a standalone display, it naturally blends into contemporary environments. Minimalist in appearance, yet extraordinary in impact — beneath its refined exterior lies a truly breathtaking visual experience.

Effortless Connectivity

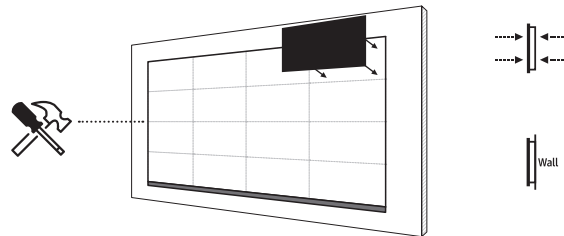

Supporting multiple platforms including iOS, Android, Windows, and macOS, ValueWall enables seamless wireless screen sharing across devices. With a simple QR code scan or one-click connection, content is instantly displayed on the stunning seamless canvas. Present multiple sources simultaneously — from business proposals and data dashboards to dynamic videos — with effortless split-screen functionality. No complicated setup. No technical barriers. Just seamless content sharing whenever and wherever you need it.

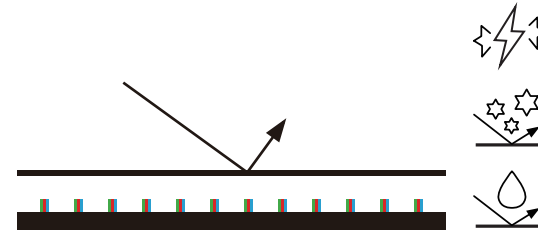

Smart Ecosystem

Built-in Android system with Google Play support brings a richer application ecosystem and a more flexible large-screen experience.

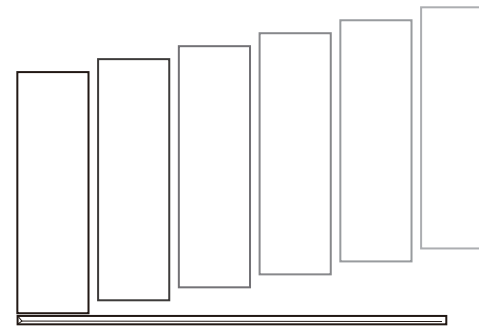

Easy Maintenance

The magnetic front-access design enables quick module replacement without cabinet removal, significantly reducing maintenance time and effort.

Built to Last

Advanced COB technology with full-surface protection delivers outstanding durability against impact, wear, and daily challenges. Designed for reliable long-term operation, it withstands intensive usage and complex environments while maintaining stable performance and premium image quality.

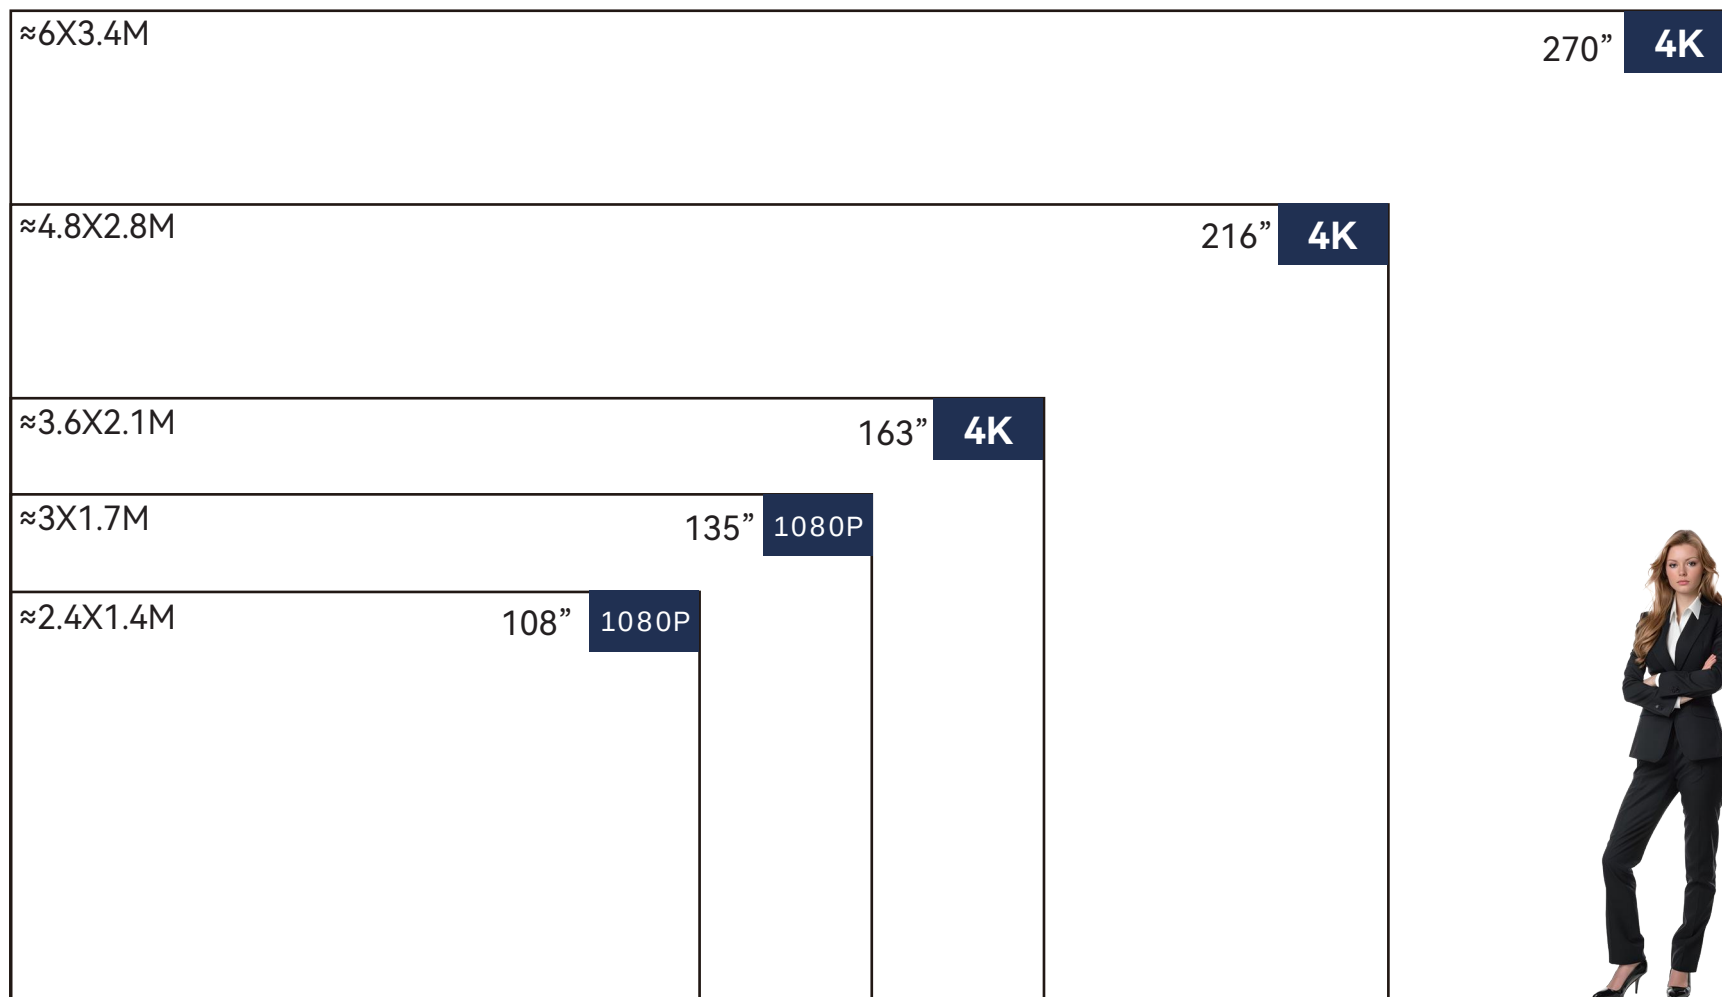

Flexible Installation

A standardized and lightweight modular design streamlines transportation and installation, enabling effortless deployment in diverse environments — from narrow corridors and elevators to complex project sites.

Specifications Table

Model		VT-VW108-12	VT-VW135-15	VT-VW163-09	VT-VW216-12	VT-VW270-15
